Would you possess that strange, mysterious power that charms and fascinates men and women, shapes their thoughts, controls their desires and makes you supreme master of every situation? Life is full of alluring possibilities for those who master the secrets of magnetic influence—for those who develop their magnetic powers.

You can learn at home to cure disease and bad habits without drugs, win the friendship and love of others, increase your income, gratify your ambitions, dispel worry and trouble from your mind, improve your memory, banish domestic unhappiness, and develop a wonderful magnetic will-power that will enable you to overcome all obstacles to your success.

You can influence people instantaneously—quick as a flash; put yourself or anyone else to sleep at any hour of the day or night; banish pain or suffering. Our few book explains exactly how you can master this power and use it to better your condition in life. It is endorsed by ministers of the gospel, lawyers, doctors, business men and society women. It benefits everybody; it costs nothing. We give it away to advertise this institution.

The Oahus, at one time cocks of the drives, just managed to nose out victory from the Bank of Hawaii last night in a very sloppy match. The Bankers only failed to take the second game and with it the rubber, by a single pin, making a grab for the balloon just as it was clear of the earth and going up with it.

Three dummies appear in the score, and these contributed but little to the class of the evening, poor old Dummy getting the worst of it from every one who essayed to hold his hand.

SPLITS.

After Saturday's match the "Y" alleys will be closed for four days, while the new maple pits are being installed.

Owing to the leaving of three members of the team, the Oahus will disband. With the Bank also out of it, there will be six teams to fight for the Brunswick-Balke-Collender Co. cup in the second half of the league series.

Tonight the "Ss" and "Ws" will settle a long-drawn-out dispute as to which is the strongest "initial" team that can be got together in the Y. M. C. A. The winning team will receive as a reward for their services a case of the famous S. & W. brand of assorted jams donated by Henry May & Co.

The S. & W. brand of bowlers: "Ss"—P. Schmidt, E. Schmidt, I. Scharlin, J. Scott and O. Swain. "Ws"—W. Williams, J. Winne, C. White, J. Wilkinson and A. T. Wisdom.

The Brunswick-Balke cup, put up by the Brunswick-Balke-Collender Co. as first prize for the Y. M. C. A. tournament, has arrived. It is a handsome silver trophy, decorated with crossed pins and a ball. In all probability the team winning it will have to defend it against all comers for six months, before securing permanent possession, but conditions have not been finally agreed on.

PLANS ARE SHAPING FOR SHRINER CONCLAVE

Preparations are being made for great doings by the Shriners at Los

Saturday evening next what is probably the most important bowling match rolled since alleys were reestablished in Honolulu, is to take place between two of the best local bowlers and the doubles champions of Kauai. The latter team, Maser and Walters, have issued a sweeping challenge to any pair in the Islands, and the acceptance by Williams and Winne means that Saturday night's game will be in reality a Hawaiian championship affair. That is, until bowling is more thoroughly organized and an inter-island bowling congress inaugurated.

Much interest attaches to the match, which will be an endurance affair, each man rolling a string of 20 games. This is a severe test on the ability and stamina of any ten-pin topper, and style counts for a whole lot, as the more easily a man rolls, the more strength he has in reserve for the final games, when the balls feel like lead and the operator's thumb feels about the size of a bologna sausage. Williams and Winne figure to have a slight advantage in style, as they roll with less effort than do the Kauai experts. In a shorter match it would be about an even thing, but over 15 games the Honolulu men should have the edge.

Like the German gentleman who went outside and drank a keg of beer, "just to see if he could do it" before accepting a bet to perform the feat, Williams and Winne have gone the full route recently and finished strong.

The first half of the "Y" league schedule comes to an end this week, only one match remaining to be played. Every team will then have played 21 games—one match of three games with every other team in the league. When the second series opens next week, only six teams will be in the running, the Oahus and Bank of Hawaii dropping out. Players are leaving, and it would be impossible for these two clubs to fill the ranks in a satisfactory manner. Manager Wisdom thinks that a six-club league will be easier to handle, and that the schedule can be run through faster, and with more interest to all parties concerned.

SPARES.

Several left-overs from the Oahus and Bankers will join other teams.

Suggested name for any church team that may be organized: The Holy Rollers.

Dyson had high score and average for the Oahus, while Bailey had high score, 178, and Hoogs high average, 143, for the Bankers.

Sergeant Roberts, the National Guard instructor, will probably get into the game in earnest. He will roll for the Brunswick-Balke if he gets into the league. Roberts is a real bowler.

Wisdom is like the baseball stars, who find it hard to play and manage at the same time. He says he should either stay "on the bench" or be light-hearted and care-free when he goes up to the line.

Angela in May, when the annual conclave will meet in that city.

It was decided to house the officers and members of the Imperial Council at the Alexandria during the five days of their sojourn. This staff is composed of 500 men and with them will be their ladies. They have practically chartered the entire hotel for that time. Arrangements were made for other hotels at the various large downtown hotels.

"Sunny Jim" McCandless engaged quarters at the Lankersheim Hotel, where his delegation was housed last time. He will have a patrol of twenty-six men and an additional cavalcade of ten Nobles. They will be there armed with paper leis, Hawaii-an coffee, pineapples and a big coconut tree. For Monday night, May 6, McCandless has engaged the lobby of the Lankersheim and will hold a public reception at which the coffee and pineapples will be served and the royal coconut worshipped. Every lady present will be decorated with paper leis.

POOR OLD BATTLER LOSSES TO JAPANESE

FORT SMITH, Ark., Feb. 26.—Battling Nelson, former lightweight champion of the world, and Young Togo, the Japanese boxer, fought to a draw here tonight. Nelson left his end of the purse, which he had agreed to forfeit unless he stopped the Japanese within six rounds.

KAM ATHLETES WILL GET VACATION AFTER STRENUOUS SEASON

Cadet Battalion to Go Into Camp Latter Part of This Month.

After the strenuous competition of dual and tri-school athletic meets, the track and field men of Kam will get a thorough rest and pleasurable vacation under canvas, where they can go in for the class of outdoor sports that does not require cinder paths and wire-handled hammers for enjoyment.

The Kamehameha cadet battalion is expected to go on its annual camping trip during the latter part of this month. It is almost certain that the cadets will go into camp on the 25th, but the school authorities have not selected the site yet, although a ballot was taken last week by the students and the Waimanalo site received a heavy vote. Acting on this indication of student preference, President Horne will make a trip over to Waimanalo this week to look over the ground and size up transportation and water supply problems.

Makua site, which has been the favorite spot for the last seven years, still has a chance of being selected as the company grounds, as it remains to be seen what President Horne's report will be on Waimanalo.

Each year during Easter vacation, the cadet battalion gets a week's pleasure in camp, where the boys indulge in swimming, fishing and other sports. It is one of the most popular events of school life at Kamehameha. No shooting will be allowed this year, as there were a few narrow escapes in recent years.

ERATIC PITCHER SIGNS CONTRACT

Rube Marquard met Manager John McGraw in the office of the New York Club recently, and the young southpaw twirler ceased to be a hold-out if he ever was one. After a short conference Marquard put his name to a contract for the seasons of 1912, 1913 and 1914, and Secretary O'Brien filed the contract with the bunch that decorates the club's safe.

Marquard has been with the Giants since 1908, when he was purchased from the Indianapolis American Association Club for \$11,000. During the season of 1909 he took part in 23 games, winning only 278 per cent. In 1910 he pitched in only thirteen games. It was not until last spring, after Wilbert Robinson had taken him in hand, that Marquard began to show that he could deliver the goods. Under Robie's coaching Rube, finally having been called on account of the falling light, and three days of play having been called off entirely owing to rain.

YOUNGSTER TOOK MONEY TO SPEND

Taking one hundred and forty dollars in cash from his grandmother, and spending more than two-thirds of the amount, Eddie White, aged ten years, left his parent's home at Kaimuki last Saturday and came into town to have an enjoyable time.

Young Eddie spent his money lavishly. He gave some money to his intimate friends. During the night he rented an apartment in the Arlington Hotel.

The theft of the money was reported to Chief McDuffie and yesterday the special staff was set in motion to apprehend and to place Eddie under arrest. After a long search by Chief McDuffie and his men, Eddie was found late in the day in a Chinese restaurant by special officer Sheldon, and he escorted the youngster to the police station, where Chief McDuffie questioned him.

While temporarily insane, Clarence L. Racine, 17 years of age, of Milford, Mass., killed his mother, Mrs. Louis Racine, with a butcher knife, set fire to the house and then fatally slashed himself.

TANK SWIMMING BOTHERED DUKE

Coast Dispatches State Island Swimmers Were Bothered By Indoor Going.

PITTSBURG, Pa., Feb. 23.—Perry McGilvray of the Illinois Athletic Club, Chicago, won the 220-yard national championship swimming event here tonight under the auspices of the Pittsburgh Aquatic Club. Time, 2:34 1-5. R. M. Ritter was second and R. E. Frizelle third. Both represented New York clubs. The winner of the event, it is understood, is assured of a place on the Olympic team.

Aside from this phase of the race, interest centered in the appearance of two swimmers from Hawaii. Duke Kahanamoku of the Honolulu Swimming Club and his mate, Vincent Genoves, started in the first heat of the race. Kahanamoku started out with terrific speed, but was seized with cramps and was pulled from the tank almost unconscious. Genoves, his partner, was fifth.

Accustomed only to salt water and straightaway courses, the confinement of an indoor pool worried the swimmers from Hawaii tonight.

The real battle, however, will come Saturday night, when the men from Hawaii will line up against some of the fastest men in the country in the 500-yard national championship event at the Pittsburgh A. A.

McGilvray's time tonight was ten seconds slower than the record established by C. M. Daniels some time ago.

SINCLAIR - GRAY MATCH GOES OVER

With the score two sets all, and 4-1 in favor of Sinclair, the Sinclair-Gray match in the final round of the Wall Cup tournament came to an end last evening on account of darkness. The elements have had a lot to say in the present tournament, three matches having been called on account of the falling light, and three days of play having been called off entirely owing to rain.

Yesterday's match was a hummer while it lasted. Gray took the first set 9-7 and lost the next 1-6. Sinclair kept up his fast pace and took the third, 6-4. Gray then came to life again, and captured the fourth, 6-1. By that time the light was very poor, and it was hard to follow the balls across the net, many points on both sides being won by slowness of eye rather than quickness of hand. With the games standing 4-1 for Sinclair, it became absolutely useless to play on.

The match will be finished this afternoon, if the rain lets up, and the challenge round will be played tomorrow, when A. L. Castle will defend his title against the winner of the tournament.

CALIFORNIA TEAM COMING ON FAST

Rapidly developing into one of the fastest ball teams in the Pacific fleet, the Californians are looking for more games, and, encouraged by the good showing they have been making on the diamond, the men are getting together in a way that promises great things for the near future.

When the Californians started their play here they did so as a team of green men, with little previous experience either as ball players or as a team. Now, under efficient coaching, they are playing like a regular ball club. Conel, Steffel, Pederson and Love are all clouting the ball hard, and the pitchers, Helkowski, Vetter, Gasele and Anderson, are all doing good box work.

The Californians are looking for games. They are scheduled to play the P. A. C. Saturday next, but other dates are open.

ABE ATTELL FALLS FINALLY TO KILBANE

LOS ANGELES, Cal., Feb. 22.—A new champion was born to pugilism in the Vernon arena today, when Johnny Kilbane of Cleveland, O., decisively out-fought, out-gamed and out-punched Abe Attell in their 20-round contest, and at the close was awarded the featherweight title by Referee Charles Eytan. Kilbane led from start to finish and at no time was the result in doubt.

M'KINLEY - KAM DUAL MEET NEXT

In preparation for the dual meet with High School next Saturday, the Kamehameha men are putting in some hard work on their new track. Lieutenant Turner, who coaches the team, is giving most of his attention to the field men, and under his tuition they are expected to do much better than in the initial dual meet with Punahou two weeks ago.

Captain Harold Godfrey, who has been on the sick list for some weeks past, made his first appearance in uniform yesterday afternoon. He didn't do any hard work, but his presence put new heart into the team.

In spite of their awful defeat at the hands of the Punahou athletes, the Kam track team is not the least discouraged. H. Brandt, who sprung a surprise at the dual meet in the jumps, and who had not trained before that meet, is among the hard workers out daily training for his events.

Captain Godfrey is paying particular attention to Jones, the long-distance man, who did not do as well against Punahou as expected, but with the coaching and the healing of a bad leg, he should make things hot for Watt the next time they come in contact.

Lieutenant Turner was surprised yesterday to find a few more recruits trying at weights, and he was glad to add the men to the long list working at the field events.

The athletes are taking a few life since their defeat and promise to put up a strong fight for first honors in the championship meet. In spite of Punahou's decisive win over McKinley.

W. Kamalopili, and Noah, who were given a great deal to do in the last meet on account of the absence of a few members, have settled down to two events each, and from now on will work to win a point in these events.

AT KALIHI-UKA PARK.

Kalihi-uka Park is on the map again. Last Sunday there was an interesting ball game between teams playing under the names of Tom's Pick-Ups and Colto's. The former won, 3 to 0.

What healthy Nerves Mean to You.

A strong vigorous nervous system means health, strength and ability to endure hardship and also to enjoy the full pleasures of life.

The man with healthy nerves accomplishes greater tasks with less fatigue. He has a clear eye, an active brain and a sound body. He is enabled to think better and work faster. He has energy. With healthy nerves he can overcome the hardest competition, be successful and gain wealth.

The woman with healthy nerves is never listless, weak or hopeless, she is not irritable, she never suffers from hysteria, she has a reserved surplus of endurance. Healthy nerves will prevent the sleepless mother, although worn with care and nursing, from a "break down" caused by her double or triple duty.

All men and women who suffer from these forms of nervousness—known as Neurasthenia—who have "gone to pieces," who lack energy, who have insomnia, who have succumbed to nervous prostration or nervous exhaustion, either mental or physical, whose condition is one of irritable weakness, will find ready relief and cure in the peculiar oriental properties of

Persian Nerve Essence

These wonderful little tablets contain no mercury or other injurious drug. They act like magic. The bright eye, the elastic step, the clear and active brain, the courage and strength and comfort they impart are noted almost from the first day they are taken.

One box of Persian Nerve Essence will do a great deal of good, the full course treatment of six boxes are guaranteed to make a permanent cure or the money will be refunded.

The proprietors, The Brown Export Co., 95-97 Liberty St., New York, N. Y., U. S. A., earnestly asks every sufferer to give Persian Nerve Essence a good fair trial at their risk. Don't delay, commence to-day, the preparation can be obtained from

CHAMBERS DRUG COMPANY.
